## ERRATA

---

We like to think *Aasimar: Heirs of Glory* is completely error free, but we are realists. So in that spirit, we shall post errata three months after release on [ragingswan.com](http://ragingswan.com). We aren't going to be correcting typos and spelling errors, but we will correct any game mechanic or balance issues that come to light.

## ABOUT THE DESIGNER

---

Landon is a writer and game designer with a penchant for detail and a devotion to the creative process. He enjoys crafting new worlds and balancing new game details within the framework of the d20 system and the spirit of the OGL. For over a decade, he has been crafting his own world, and plans to eventually publish the work as a campaign resource when it finishes playtesting.

While gaming and writing are two of Landon's favourite activities, they are very difficult to make a living at, and currently hold the status of "hobbies that he can hopefully afford to pursue full time some day." In the mean time, he is working towards a PhD in physics and supporting himself and his family as a research assistant. Landon lives in North Carolina with his beautiful and wonderfully supportive wife, two dice-loving daughters, and tailless cat. When not doting on the wonderful girls in his life, working in the lab, writing, or gaming, Landon also enjoys eating, breathing, and (time permitting) sleeping.
