This supplement presents enhanced information regarding the *bag of tricks*, a classic wondrous item that it is difficult (or at the least, time-consuming) to use without extensive preparation.

Traditionally, the *bag of tricks* comes in three versions and each of these types benefits from a two-page spread. The first page presents the magic item itself and two intelligent item add-on packages that provide the bag with both additional powers and interesting roleplaying possibilities. The second page of each spread presents full stat blocks for each creature that can be brought forth from the bag.

Finally, page 10 summarises the various Handle Animal tricks and tasks the bag's owner can employ.
